

FEEDING CANADA

Exploring Our Food System

— A VIDEO SERIES —

FOOD SAFETY

Pre-video

Q1: Why do you think food safety is an important part of the food cycle?

Q2: Have you ever been affected by food contamination? How did this influence your views of the food cycle?

Post-video

Q3: Who is responsible for maintaining food safety in the food cycle? Who enforces food safety?

Q4: HACCP, or Hazard Analysis Critical Control Point, is a systematic preventative approach to food safety. How does HACCP help keep people safe?

Q5: What were some things identified in the video that consumers can do to ensure food safety?
